Sheldon Cheney

Sheldon Warren Cheney was an American author and art critic, born in Berkeley, California. Cheney was one of the most significant pro-modernist theatre and art critics of the early twentieth century. He helped introduce European modernist practices in theatre to the United States.

'Men Who Have Walked with God', traces mysticism through history, concentrating on eleven men from Lao-Tse and the Buddha to Jacob Boehme and William Blake.

This is a book about certain artists and poets and spiritual prophets who have been close to God in the special mystic way. They have known the experience of union with God. The writers and artists among them have believed, in some cases, that their writings and pictures were composed as if by divine dictation; or they have thought of art as a special mode of revelation of the rhythm or vital order of the universe.
