The World in the Evening: A Novel (FSG Classics) Christopher Isherwood

A deeply introspective book about war, religion, and sexuality

Against the backdrop of World War II, *The World in the Evening* charts the emotional development of Stephen Monk, an aimless Englishman living in California. After his second marriage suddenly ends, Stephen finds himself living with a relative in a small Pennsylvania Quaker town, haunted by memories of his prewar affair with a younger man during a visit to the Canary Islands. The world traveler comes to a gradual understanding of himself and of his newly adopted homeland.

When first published in 1953, *The World in the Evening* was notable for its clear-eyed depiction of European and American mores, sexuality, and religion. Today, readers herald Christopher Isherwood's frank portrayal of bisexuality and his early appreciation of low and high camp.
