ExamInsight For CompTIA Security+ Certification Exam SY0-101 Helen O¿Boyle, Helen OBoyle Part of the TotalRecall: IT Certification System Series, this new book fills the gap existing in the complete study aid material available for candidates preparing to set the CompTIA Security+ Exam. This book covers information associated with each exam topic in detail and includes information found in no other book. This manual is designed to provide information to help readers study for and pass CompTIA's Security+ certification exam. Every effort has been made to make this manual as complete and accurate as possible. Just reviewing the table of contents, you will see that through TotalRecall Publications, I was given the freedom to build on what I have learned from running a Voc Tech school. For example, the chapter numbers are written in Base 2. The goal here is to reinforcement, learn binary math, since that is how much of computing works. In this release, we teamed up with other alpha geek around the world with the end result is you will not find another Security+ book with more geekie details, if you need them. This title (ExamInsight) is a reference manual for those who are thinking, "I want to make sure I know what I think I know before I spend a couple hundred bucks on a SY0-101 exam." The ExamInsight Book contains 400 well-researched pages that follow CompTIA's certification Objectives. The contents were thoroughly tech-reviewed by Michael Woznicki and confirmed to be directly related to the Security+ SY0-101 exam. If you are already in Security networking, and don't want/need a complete certification/reference/killer idea book, try the ExamWise For Security+: The IT Question Book Series: ISBN # 1-59095-266-9 from www.TotalRecallPress.com. If you are in the game for in-depth understanding, this is this book for you. Helen and Tcat encourage questions from and support the readers of this work. To us, it is another form of Networking, and we look forward to hearing from you. Tcat@Tcat.net or hoboyle@mindspring.com
