Valentine D. V. Hent

Sassia Santinos loves her life. She's carefree, financially independent and most importantly, sexually adventurous. Loving her job as an 'executive companion', she seems not to have a care in the world. But unknown to everyone, Sassia has a secret: she's an assassin by the name of Valentine. Charlie is an attractive, ex-Navy engineer, who's about to be married. On the outside, everything seems fine, but internally she feels as if her life has no meaning. After her mother dies, purpose returns and ignoring her fiancé, she decides to follow in her father's footsteps. A loner by nature, Sassia eventually opens up and befriends Charlie, but after a yearlong friendship, Charlie suddenly decides she wants to become a Houston police officer. Not long after Charlie becomes a cop, someone close to her is murdered. Seeking justice, she searches for the killer and puts herself in the crosshairs. Charlie isn't the only problem on Valentine's plate. Along with the help of C.T., a professional hacker, Valentine is desperately searching for Charles 'Boogie' Jackson-a man whose betrayal nearly cost her her life. Now it's up to Valentine to not only find Boogie, but to make decision. Does she help Charlie track down the pieces to the unsolved murder; and in doing so, divulge who she is and what she does, or does she walk away like she's done so many times before?

From reader reviews:

Loretta Manson:

Hey guys, do you would like to finds a new book you just read? May be the book with the name Valentine suitable to you? The actual book was written by well known writer in this era. Typically the book untitled Valentine is the one of several books this everyone read now. This kind of book was inspired many men and women in the world. When you read this e-book you will enter the new way of measuring that you ever know just before. The author explained their concept in the simple way, so all of people can easily to understand the core of this e-book. This book will give you a lot of information about this world now. So that you can see the represented of the world within this book.

John Moore:

The reason why? Because this Valentine is an unordinary book that the inside of the e-book waiting for you to snap this but latter it will jolt you with the secret the idea inside. Reading this book close to it was fantastic author who have write the book in such awesome way makes the content on the inside easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of positive aspects than the other book include such as help improving your expertise and your critical thinking approach. So , still want to delay having that book? If I were being you I will go to the publication store hurriedly.

Carolyn Franklin:

Reading can called head hangout, why? Because if you find yourself reading a book specially book entitled Valentine the mind will drift away trough every dimension, wandering in each and every aspect that maybe unfamiliar for but surely can be your mind friends. Imaging each and every word written in a reserve then become one web form conclusion and explanation that maybe you never get prior to. The Valentine giving you an additional experience more than blown away your thoughts but also giving you useful info for your better life on this era. So now let us explain to you the relaxing pattern this is your body and mind will be pleased when you are finished reading through it, like winning a casino game. Do you want to try this extraordinary shelling out spare time activity?

Corey Watts:

Is it you who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something new? This Valentine can be the reply, oh how comes? The new book you know. You are so out of date, spending your free time by reading in this brand-new era is common not a geek activity. So what these textbooks have than the others?
