Ryan Cartwright

VMware Horizon 6 Desktop Virtualization Solutions Ryan Cartwright
Plan, design, and secure your virtual desktop environments with VMware Horizon 6 View

About This Book

- Design a successful solution to deliver Windows desktops and applications as a service
- Provide redundancy for components and design a backup solution and disaster recovery plan to protect your investment and to keep your users productive
- A learn-by-example-based approach that focuses on key concepts to provide the foundation to solve real-world problems

Who This Book Is For

If you are a desktop architect, solution provider, end-user consultant, virtualization engineer, or anyone who wants to learn how to plan and design the implementation of a virtual desktop solution based on Horizon 6, then this book is for you. An understanding of VMware vSphere fundamentals coupled with experience in the installation or administration of a VMware environment would be a plus during reading.

What You Will Learn

- Learn the strategies and techniques needed to migrate your user population from a traditional physical desktop environment to a successful virtual desktop solution
- Plan the approach to deliver, protect, and manage Windows desktops and applications to ensure that users can work anytime, anywhere, on any device
- Decide whether to use persistent or nonpersistent vDesktops and understand the impact of both on the VDI environment
- Understand the choices around end devices such as thick clients, thin clients, and zero clients
- Size the VDI environment correctly to avoid slow logons, poor PCoIP performance, authentication problems, and other random failures
- Analyze all of the potential points of failure within a VDI and provide redundancy for each component
- Design a backup solution and/or disaster recovery plan to ensure a quick recovery in times of failure

In Detail

VMware Horizon 6 (with View) delivers virtualized desktops and applications through a single platform. It supports users, providing them with access to all of their Windows and online resources through one unified workspace, anywhere, using the device of their choice. The latest VDI release has brought with it various enhancements that will provide a better way to solve the common problems that occur while designing a VDI solution.

This book will guide you through how to produce a solid VDI solution with VMware Horizon 6 View, by combining best practices with actual installation challenges. The book is designed to be used during the design phase, which comes before the implementation phase. It covers all major Horizon 6 components and

tips on how to use them to provide a solid VDI solution.

From reader reviews:

Michael Chapman:

Book is actually written, printed, or illustrated for everything. You can learn everything you want by a book. Book has a different type. As you may know that book is important issue to bring us around the world. Alongside that you can your reading skill was fluently. A book VMware Horizon 6 Desktop Virtualization Solutions will make you to be smarter. You can feel much more confidence if you can know about almost everything. But some of you think this open or reading the book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you trying to find best book or ideal book with you?

James Brown:

What do you in relation to book? It is not important with you? Or just adding material when you require something to explain what yours problem? How about your extra time? Or are you busy particular person? If you don't have spare time to perform others business, it is make you feel bored faster. And you have spare time? What did you do? Everyone has many questions above. The doctor has to answer that question because just their can do that will. It said that about reserve. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need this particular VMware Horizon 6 Desktop Virtualization Solutions to read.

Maude Porter:

Information is provisions for individuals to get better life, information presently can get by anyone on everywhere. The information can be a knowledge or any news even an issue. What people must be consider any time those information which is in the former life are difficult to be find than now could be taking seriously which one is suitable to believe or which one the resource are convinced. If you get the unstable resource then you buy it as your main information we will see huge disadvantage for you. All those possibilities will not happen within you if you take VMware Horizon 6 Desktop Virtualization Solutions as the daily resource information.

Nicole Montes:

This VMware Horizon 6 Desktop Virtualization Solutions is completely new way for you who has interest to look for some information mainly because it relief your hunger of knowledge. Getting deeper you onto it getting knowledge more you know or else you who still having tiny amount of digest in reading this VMware Horizon 6 Desktop Virtualization Solutions can be the light food for you because the information inside this book is easy to get by means of anyone. These books develop itself in the form and that is reachable by anyone, yep I mean in the e-book contact form. People who think that in guide form make them feel sleepy even dizzy this book is the answer. So there isn't any in reading a publication especially this one. You can find what you are looking for. It should be here for you. So , don't miss the item! Just read this e-book sort for your better life and also knowledge.
