**My Tank Is Fight!** Zack Parsons

Soldiers that fly!

Tanks that fly!

Cruisers that . . . sink!

## What Fight Have Been

*My Tank Is Fight!* contains a humorous and exciting examination of twenty real inventions from World War II that never saw the light of day. Each entry includes full technical details, a complete development history, in-depth analysis, and a riveting fictionalized account of the invention's success or failure on the battlefield. Lavish color artwork and technical illustrations are falling from the pages of this book like toenails from a trench foot.

Dive under the Atlantic in the turreted U-Cruiser, or rule its surface from an aircraft carrier made out of ice. Shred bomber formations in a high-performance flying wing fighter and then rocket to your untimely end from the cockpit of your very own suicide missile. We've got a pair of German armored land vehicles for you that are so large they had to be powered by naval engines!

*My Tank Is Fight!* delivers the thrilling action of the Second World War as it might have been with a touch of humor and a lack of class. Only the slow-witted are reading this anywhere other than in line at the cash register. Ask an adult to help you if you're still not sure you want to buy the book.
