Sea Change

Frank Viva

Sea Change Frank Viva

One summer can change your whole life. As soon as school lets out, Eliot's parents send him to the very edge of the world: a fishing village in a remote part of Nova Scotia. And what does the small town of Point Aconi have to offer? Maggots, bullies and grumpy old men. But along the way, Eliot discovers much more - a hidden library, starry nights and a mysterious girl named Mary Beth.

Critically acclaimed author and artist Frank Viva (*Outstanding in the Rain*) brings us this warm, funny and innovatively designed coming-of-age story. See Point Aconi through Eliot's eyes, as he finds that this place he never wanted to visit is becoming a home he doesn't want to leave.

From reader reviews:

Christine Hughes:

This Sea Change book is simply not ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is actually information inside this publication incredible fresh, you will get information which is getting deeper anyone read a lot of information you will get. This kind of Sea Change without we comprehend teach the one who studying it become critical in considering and analyzing. Don't possibly be worry Sea Change can bring once you are and not make your bag space or bookshelves' come to be full because you can have it in the lovely laptop even cellphone. This Sea Change having very good arrangement in word in addition to layout, so you will not truly feel uninterested in reading.

Robert Leggett:

Information is provisions for anyone to get better life, information nowadays can get by anyone in everywhere. The information can be a information or any news even a problem. What people must be consider if those information which is in the former life are challenging to be find than now is taking seriously which one works to believe or which one often the resource are convinced. If you obtain the unstable resource then you get it as your main information we will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Sea Change as your daily resource information.

Casey Reeves:

Playing with family inside a park, coming to see the sea world or hanging out with close friends is thing that usually you will have done when you have spare time, then why you don't try thing that really opposite from that. One activity that make you not sensation tired but still relaxing, trilling like on roller coaster you have been ride on and with addition info. Even you love Sea Change, it is possible to enjoy both. It is very good combination right, you still would like to miss it? What kind of hangout type is it? Oh can happen its mind hangout folks. What? Still don't get it, oh come on its called reading friends.

Theresa Collins:

As we know that book is important thing to add our know-how for everything. By a guide we can know everything you want. A book is a list of written, printed, illustrated or perhaps blank sheet. Every year has been exactly added. This reserve Sea Change was filled in relation to science. Spend your spare time to add your knowledge about your science competence. Some people has diverse feel when they reading a book. If you know how big selling point of a book, you can really feel enjoy to read a reserve. In the modern era like currently, many ways to get book that you simply wanted.
