Derry Revisited (Images of America)

Richard Holmes, William Dugan

Derry Revisited (Images of America) Richard Holmes, William Dugan

In 1719, sixteen families left Ireland for America and founded a community called Nutfield, which evolved into modern Derry. For centuries, Derry retained its small-town character, but the 1963 opening of Interstate 93 changed the town forever. Within a decade, its population doubled. Derry is now the state's most populous town. This charming collection of over two hundred photographs presents Derry in its quieter years, when trolleys crisscrossed the town, most of the men worked in shoe factories, and traffic on Broadway stopped each morning as the Hood cows crossed to their pasture. For many older residents, these images will bring back a flood of memories. Newcomers will better understand the traditions that helped shape the town. Derry Revisited evokes a sense of expanded pride in the heritage of Derry.
