James E. Bobick, G. Lynn Berard

Science and Technology Resources: A Guide for Information Professionals and Researchers (Library and Information Science Text (Paperback)) James E. Bobick, G. Lynn Berard

An indispensable resource for anyone wanting to create, maintain, improve, understand, or use the diverse information resources within a sci-tech library.

- Over 80 screenshots of electronic information resource tools designed for the engineer and scientist; page reproductions from print sources and illustrations from scholarly journal articles and monographs are also included
- Each chapter concludes with a comprehensive list of additional resources for further research
- Approximately 30 discipline-specific subject bibliographies in the appendix section act as indispensable guides for developing library collections, as well as for compiling introductory textbooks appropriate for library science students
- Included pathfinders provide expert guides for targeted online research
- Corresponding instructor exercises are available at the publisher's website
