**El despertar de la sociedad civil: una perspectiva histórica (Ensayo) (Spanish Edition)** José Fernández Santillan

El término “*sociedad civil*” ocupa en nuestros días un lugar central en el ámbito de la teoría política y es un elemento clave en el actual debate democrático. Más aún, este concepto resulta fundamental para comprender las luchas emprendidas en años recientes por amplios sectores de la población que se han organizado con el fin de cuestionar, transformar o limitar las estructuras tradicionales del poder.

Sin embargo, como demuestra el autor de este libro, las ideas contenidas en dicho término no son nuevas; se remontan al ideario de la Revolución francesa e incluso pueden rastrearse hasta la Antigüedad y el Medioevo.
